

PFAS directive / Restriction of per- and polyfluoroalkyl substances (PFAS)

As of October 2025

emico informs you about the effects of current regulations on per- and polyfluoroalkyl substances (PFAS) with regard to our product lines.

After careful examination and based on the information provided to us by our raw material suppliers, we assume that our products offered in our online shop at www.emico.com do not contain any substances containing PFAS, PFOS or PFOA.

We work continuously with our suppliers to ensure that all materials and components used meet the highest quality and safety standards and are free of PFAS, PFOS or PFOA. To the best of our knowledge, none of these substances are used in our products.

This information is based on our current knowledge and the information provided by our suppliers. It is for general information purposes only and does not constitute a legally binding assurance or guarantee. We have no control over possible subsequent contamination or influence on the material composition during the supply chain or processing. The customer is responsible for the safe, appropriate and legally compliant use, processing and handling of the products.

If you have any questions, please contact the emico division staff by telephone on +49 9621 675450 or by e-mail at sales@emico.com.
