

## EU Regulation on deforestation-free supply chains (EUDR)

As of October 2025

emico informs you about the implications of EU Regulation (EU) 2023/1115 on deforestation-free supply chains (EUDR) with regard to our product lines.

After careful examination and based on the information provided to us by our raw material suppliers, we assume that there are currently no indications that our products made of **thermoplastic rubber compounds/elastomers (TPG/TPE)** should be classified as risky within the meaning of Regulation (EU) 2023/1115.

We hereby point out that the products currently offered in the above-mentioned product lines

- neither fall under the Combined Nomenclature codes listed in Annex I to Regulation (EEC) No 2658/87, as referred to in Article 1 of this Regulation,
- nor contain natural rubber latex or dry natural rubber.

Based on the information available to us, there are currently no indications that our TPG/TPE products should be classified as risky within the meaning of Regulation (EU) 2023/1115.

This information is based on our current knowledge and the information provided by our suppliers. It is for general information purposes only and does not constitute a legally binding assurance or guarantee. The customer is responsible for the safe, appropriate and legally compliant use, processing and handling of the products.

If you have any questions, please contact the emico division staff by telephone on +49 9621 675450 or by e-mail at [sales@emico.com](mailto:sales@emico.com).
